Kit

Part Number	AVXRCRESON13S10	Buy
Components from		
Price	\$0	

Images are for reference only, see product specifications.

This Kit contains components supplied in your choice of packaging. The components are obtained by Garrett Electronics from authorized suppliers directly or through authorized distribution. The labels list part numbers, description, quantities and lot number and date codes, when applicable. Kits are built by Garrett in Santa Maria, CA and may be customized to suit. A replacement order form, listing all kit components, is included for your convenience.
